ASSESSMENT OF SKILLS FOR MIGRATION TO AUSTRALIA

The Australian Institute of Welfare and Community Workers Inc. is the authorised relevant assessing authority for the assessment of overseas-qualified welfare workers applying to migrate to Australia. This assessment is issued in connection with a proposed application to migrate to Australia. It does not automatically entitle the individual to employment in Australia, nor is it an offer of employment.

NAME: Mrs Sanober Rafiq ALI

Date of Birth: 02 October 1979

AIWCW Ref. File No. W09/0002

OCCUPATION: Welfare Worker - ASCO 2512-11

ASSESSMENT: The skills of the applicant have been assessed by the relevant assessing authority as **SUITABLE** for the nominated skilled occupation of **Welfare Worker**.

The Australian Institute of Welfare and Community Workers Inc. (AIWCW) has examined the documents submitted relating to the individual's qualifications and experience in the identified occupation. On the evidence available, the AIWCW has determined that based on AIWCW membership eligibility criteria, **the individual satisfies the professional and academic requirements for entry to the occupation.**

This certificate is not valid without being embossed with the Common Seal of the AIWCW and it remains valid for a period of two years from the date of issue.

Should migration to Australia be approved, it is essential that all original documents supporting the application, including qualifications, employment experience, and references be brought to Australia. It is the responsibility of the applicant to seek information about employment prospects in Australia and it is important to be aware that Australian labour market conditions may vary significantly over time and between states and territories. Your attention is also drawn to the enclosed Skill Matching leaflet.
