

This is to certify that

Jered Buhayan

97576

has successfully completed an on-line course in red cell transfusion practice.

Major learning outcomes covered include:

- Blood is a freely donated gift
- The risks and benefits of transfusion
- Collecting the pre-transfusion test sample
- Picking up blood from the transfusion service provider or blood fridge
- Administering blood components
- Monitoring the patient and outcomes

A handwritten signature in black ink, appearing to read "K. Robinson".
